NORTHEAST BROILER/FRYER PARTS - PART I FEDERAL-STATE
Trucklot buying interest continued in a slow and disappointing pattern. Offerings remained difficult to place with attractive pricing doing little to build interest. Demand was often noted as well below seasonal expectations. Market conditions were depressing and dealers struggled to find anything positive.

National Egg Market ATLANTA, GA JULY 21, 1999

NATIONAL EGG MARKET - AT A GLANCE
In Chicago, prices were sharply higher on the larger sizes, and in the Eastern region, prices were unchanged to higher on the medium and larger sizes. Elsewhere, prices were unchanged. The market tone ranged steady to firm, with the larger sizes continuing in the strongest position. Demand was fair to good, mostly moderate, with best interest usually noted where scattered feature activity was a factor. Supplies of the larger eggs were mostly tight to occasionally adequate, and the remainder of sizes were generally adequate. Breaking stock supplies were adequate from regular sources, however, some breakers continued to utilize lighter weight product where heavier nest runs remained unavailable. Light type hens were adequate to ample for current slaughter needs.
