

The David May Family

Mercersburg, Franklin Co., PA

Dave and Frieda May are shown with their children Danny and Amy in front of their newly constructed 62 x 19 Slurrystore® structure, equipped with side-mount pump and center agitation.

The Mays, who currently have 95 cows milking, say safety features, as well as the ease and efficiency of agitation, made them choose the Slurrystore® System!

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather or other conditions present at the individual location. Harvestore is a registered trademark of A.O. Smith Engineered Storage Products Co.
