

NEW HOLLAND

# FIRST IN GRASSLAND FARMING

## Model 648 Silage Special 4'x5'

Strength and durability are built into every New Holland Roll-Belt™ round baler. Larger chain idler springs to maintain proper tension, beefier bearings for follower rolls and drive rolls, heavy-duty cam-follower bearings in wide pickups, stronger pickup lift cranks, heavy-duty wheel hubs, and long-lasting curved pickup tines - they're just some of the features we've included to make Roll-Belt balers stand the test of time.

## NEW 1412 Discbine Disc Mower With Flail Conditioner

**Fast, Trouble-Free Cutting... and Flail Conditioning For Faster Drydown.**

Now, get New Holland's popular Discbine® disc-cutting technology teamed with fast-drying flail conditioning. It's all built into the new Model 1412.

**The "1412" has an eight-disc modular Discbine cutterbar for cutting through**

the toughest, heaviest crop quickly and cleanly. The modular cutterbar features individual disc modules with sealed gear cases and independent alloy drive shafts - it's the secret to fast, easy and inexpensive cutterbar servicing.

**Flail conditioning system promotes faster drydown** so you're able to save valuable time and bale much sooner.

## B37P Round Bale Wrapper

Expand your forage production system with a New Holland round bale wrapper. By adding a round bale wrapper to your current haying system, you can put up high-quality forage at a fraction of the cost of traditional silage systems. Wrapping adapts well to any haying system. Both twine-tied and net-wrapped bales can be wrapped for silage. Along with being a low-cost silage investment, wrapping eliminates a need for shed storage space for your hay.

## New Holland 195 Spreader

**The Most Reliable, Most Durable Spreader You Can Buy**  
New Holland box spreaders are the best-selling spreaders in the industry - and for good reason. Known as "Strong boxes," New Holland box spreaders are engineered to perform and built to last. They have the toughest floors and sides of any spreader available. And they're made of special steels that are more corrosion-resistant and stronger than ordinary steels.

**Every new Holland 'strong box' comes with Bonded Protection**

Here's something you won't find with competitive models - a no-nonsense, no-hassle guarantee on the sides and floors. It's standard on every New Holland box spreader.

## Model 570 14x18 Baler

The Model 570 handles high-capacity crops with a 65-inch wide Super-Sweep pickup. Knotters or twistlers are gear driven for consistent trouble-free tying.
