Bringing Efficiency Up By Bottoming Out

The harvesting of high moisture grains has brought increased efficiency to the farm field and harvesting **losses are reduced**. Earlier harvesting can mean fewer weather problems and **high yields**. **8200H** eliminates those costly drying methods. And the Series **8200H** has brought increased efficiency to bottom unloading tougher construction for **extra** **low** maintenance, superior engineering for increased operating efficiency and dependability and crop flexibility for increased usefulness and versatility.

**FEATURES**

Improved worm gear assembly with stainless steel shaft for greater corrosion resistance.

Extra heavy duty double gear box for years of trouble-free operation.

Store your high moisture grains - shelled corn, ground ear corn, milo and barley - with confidence
