**Rural Economy**

**Cost-efficient Centurydrain® roofing and siding is on some of the best looking buildings in the country.**

Build with Centurydrain roofing and siding and you've built a money-wise structure. Full-hard, high tensile galvanized steel, and an exclusive drain channel for a dry interior give you a building that'll handle years of hard duty and hard weather. Good looking, too. Crisp lines and plenty of bright, long-lasting colors make Wheeling Centurydrain as handsome as it is economical.

**Metal Roofs aren't Created Equal**

Everlast II is better:

- it is galvanized heavier, like old times.
- it is heat formed, less paint cracks.
- is cut while hot, prevents early edge rust.
- won't scratch as easy, paint is harder.
- won't bend or buckle as easy, stronger design.
- laps are tighter, and virtually invisible.
- nails/screws seal better, ribs fit tighter to head.
- zinc phosphate, not chromate under paint.
- still priced about the same or less.

**Everlast II**  
 is excellent for houses and barns.  
**Double dipped galvanized**  
 is proven best for animals.  
**Standing seam** is ideal for houses.
