You run a farm, not a test plot.

At Agway, we recognize the complexity and importance of selecting the "best" seed hybrids and varieties each year. There are hundreds to choose from, all with competing claims. Testing each one would be great, but we know that's impossible—you have a farm to run, not a test plot.

That's why Agway does the testing for you on over 100 Northeast and Mid-Atlantic test sites. Only after a hybrid or variety has been repeatedly proven a leader does it earn the right to wear the Agway name. Which means you can count on Agway Farm Seed to give you exceptional performance under the toughest growing conditions. Year after year, field after field.

For more information on how we provide practical, proven seed solutions that help turn your growing challenges into profitable results, contact your nearest Agway, Reading Bone, Milford Fertilizer Company or Andgrow Farm Center.
