CONTROLS

AIRSTREAMER
 Versatile dustproof, moisture proof fan/heater controls. Airstream advanced controls with greater versatility. Whether you need to control fans, heaters or other equipment

HEATING

Heaters.

The Purafire heater provides a consistent, cleanburning and fuel efficient source of warmth for all types of poultry and swine houses. Choose from two models; the C80M variable output (40,000-80,000 BTUH) and the C225 (225,000 BTUH). Each is LP or natural gas compatible and can be mounted inside or outside your confinement house. Electronic ignition.

PENNING

Model 70 SWING-SIDE FARROWING CRATE

The A-P ADVANTAGE:

- Baked on Powder Coating
- Rubber Bumper Guards
- 3-position Sow Comfort
- Front & Rear G.gates
- No Sharp Edges
- 1" Schedule 40 Pipe Construction

See Us For All Your DAIRY - POULTRY - SWINE Remodeling & Equipment/Installation Needs

FEEDING

FEED BINS

- We assemble, deliver and set up bins on your farm (where available)
- Weather tight die-formed roof
 - Ground controlled fill caps
 - Engineered leg braced systems
 - Stronger engineered sidewalls
 - Galvanized roll-formed legs
 - Fast flowing hopper bottom

Core Augers and Flex Auger Systems Available

Hog Hearth Systems

With AP's Hog Hearth System energy costs are reduced drastically. Compared to conventional heat lamps which use 250 watts our Hog Hearth System uses a maximum of 55 watts. Unlike all other heat mats or heat lamps used in the market today, our hog hearth system has 4 square feet of optimum, consistent heat area. With the modulating controller reducing wattage as the room temperature increases, you are once again saving energy costs.

SCALES

WayPig

500 Animal Scale

The entire unit serves as the weighing area so that an animal leaning on the sides won't prevent an accurate reading.

Litter Scale

An entire litter can be placed in the portable WayPig at one time. The new oversize scale gives a clear readout of the weight in pounds and kilograms. The compact design allows it to glide easily through aisles and around tight corners.

Hog & Poultry Contracts Available!

UEBLER FEEDING MACHINES

SPECIAL DISCOUNTS MONTH OF OCTOBER

On Units In Stock - Call For A Free Demo

MODEL 810 30 bu

MODEL 812 43 bu

Ueblers has been manufacturing feeding machines for over 30 years. From our extensive experience we know exactly what you want in a feeding machine.

SILAGE/HAYLAGE

Ueblers silage carts feature a forage box unloading design which provides even-feeding of materials into the jumbo 12" auger discharge. Easily unloads all types of feed including the toughest silage. Ueblers silage carts come in two sizes. Model 810 holds 30 bushels and Model 812 holds 43 bushels. Both riding models feature easy turning automotive-type steering and a comfortable, adjustable chair. A convenient foot pedal or hand control engages the feed mechanism and an easy acting hand control operates the hydrostatic transmission.

Exclusive center pivot makes Ueblers the most maneuverable riders available today. And Ueblers' simple design and durable materials are backed up with a two year guarantee.

FORAGE BOX UNLOADING DESIGN

No need for costly variable speed unloading mechanism. Spiral beater prevents bridging - provides even-feeding of materials into the auger discharge. Easily unloads all types of feed including the toughest haylage.

MANEUVERABLE

Center pivot is designed into each Ueblers machine by positioning the pivot wheels as close to the center of the machine as possible. This minimizes the turning radius giving Ueblers the best possible combination of maneuverability and carrying capacity available anywhere.
