**Oklahoma City Feeder Cattle**

Oklahoma City, OK  
 Wed Oct 13, 1999  
 USDA-OK Dept Ag Market News  
 Oklahoma National Stockyards - Weekly Cattle Summary  
 Compared to last week: Feeder steers and all calves steady. Feeder heifers 1.00-2.00 lower. Demand moderate at best as some feedlots are full or near capacity. Rain needed in most areas of the state to bring wheat pastures along. Early turnout prospects bleak at the moment. Calves over 5 wt dependent on feedlot demand which is decent given the low cost of gains and reasonable hedging prospects. Yearling quality plain to average. Quality of calves average to attractive. Feeders in slightly thin to medium flesh; calves in medium to fleshy condition with modest showing of thin calves. Weigh-ups average to full. Slaughter cows .50-1.00 lower. Slaughter bulls 1.00-2.00 lower. Packer demand moderate at best. Southern buyers showing very little interest as the culling process is in full swing in the south. Demand continues good for replacement and feeder cows. Total of 915 cows and bulls sold with 45 percent to packers. Receipts this week 11,700; last week 9,808; last year 9,047. Supply consisted of 47 percent yearlings and calves over 600 lbs; 45 percent calves under 600 lbs; 8 percent cows and bulls. Heifers comprised 38 percent of feeder and calf supply.  
 Prices follow with weighted average weight and price in parenthesis.
