Rural Economy

Cost-efficient Centurydrain® roofing and siding is on some of the best looking buildings in the country.

Build with Centurydrain roofing and siding and you've built a money-wise structure. Full-hard, high tensile galvanized steel, and an exclusive drain channel for a dry interior give you a building that'll handle years of hard duty and hard weather. Good looking, too. Crisp lines and plenty of bright, long-lasting colors make Wheeling Centurydrain as handsome as it is economical.

Everlast Roofing

Everlast II is galvanized heavier like old times; it is heat formed to prevent paint cracks; it is cut while hot to prevent early edge rust; Everlast paint is harder so it won't scratch as easy; won't bend or buckle as easy because of stronger design; laps are tighter and virtually invisible; nails/screws seal better because ribs fit tighter to fastener heads; zinc phosphate is used under paint which is much better than the chromate most competitors use. Crisp and attractive. Sharp colors. Excellent for houses and barns. Double dipped galvanized is proven best for animals. Standing seam is ideal for houses. Low prices, fast delivery
