Brillion

Sure Stand Grass Seeders

THE ERGONOMICS OF USING A BRILLION "SURE STAND" SEEDER
 Grass seed is a very expensive commodity. By properly placing the grass seed in the top 1/2" of a properly prepared seedbed you will realize maximum seed germination. Because of Brillion's precision placement of the seeds, seeding

rates can often be cut to nearly half of the rates previously used. In many cases the savings in seed alone will pay for a "Sure Stand" Seeder in just a short time.

Don't risk your crop to another system. Don't settle for less. Use the one seeding method that you can depend on to produce a top stand time after time...a Brillion Sure Stand Seeder.
