Century of Farming

a pictorial history of farming from 1900 to 1999 as presented by readers of *Lancaster Farming*

Everett R. Newswanger, Editor

Lancaster Farming
 Publisher

In just a few days, *Century of Farming*, the book that recalls family involvement and the historic significance of agriculture's heritage will be ready to ship. This treasure chest of memories includes 120 pages of old photographs from the family albums of readers of *Lancaster Farming*. In addition, Editor Newswanger has written a preface that takes you from the "Golden Age" of agriculture as the 20th century began, through the Depression and on to the tremendous contrast of biotechnology.

The pre-publication sales have been numerous, and only a very limited number of additional copies have been ordered, making this volume truly a limited edition hard cover book.

To be sure that you get your copy, use this order form and send it to Lancaster Farming today. Orders will be taken on a first-come basis, and if all the copies are sold when your order arrives, your check or credit card order will be returned to you.
