CLAAS BUSH HOG WOODS

**Call Binkley & Hurst Bros.
Your Source For Quality Grain Handling Equipment**

A premium quality galvanized auger designed for low maintenance operation.

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts greatly reducing costly downtime and maintenance in the future.

**Mayrath
InLine
Drive**

DIAMETER	CAPACITY	LENGTHS
8"	3200 BPH	32', 42', 52', 62', 72'
10"	4500 BPH	32', 42', 52', 62', 72'

The unique "InLine Drive" design features an internally mounted gearbox inside of an expanded, bell shaped tube housing. Auger flighting is positioned to allow a high volume of unrestricted grain flow around the internal gearbox. A new intake design utilizes double flighting and a cupped intake guard to offer a high capacity, complete cleanout operation. A specially engineered hopper bolts directly to top of the intake guard, further enhancing the augers capacity.

The InLine Drive
Unique in design, high in efficiency.

The quality of the InLine Drive is evident in the design. The auger is built to last, with a heavy duty frame and a high quality finish. The hopper is designed to hold a large amount of grain, and the hopper bolts directly to the top of the intake guard, further enhancing the augers capacity.
