

# Success begins and ends with the seed. Period. End of story.

What's more important than a great bean? In farming, nothing. DEKALB brand Roundup Ready<sup>®</sup> soybeans are the ones to count on. Rugged. Dependable. The highest yields possible. Plenty of varieties to choose from. Pick away.

**NEW CX 303RR** **Early Group III**  
Excellent choice for early planting / multi-race tolerance to Phytophthora root rot (Rps<sub>1</sub><sup>k</sup>) / excellent emergence, seedling vigor and standability

**CX 367CRR** **Mid-Group III**  
Cyst nematode resistance / adaptable to all row widths / excellent resistance to brown stem rot and very good tolerance to Phytophthora root rot

**CX 343CRR** **Mid-Group III**  
Cyst nematode resistance / tolerant to Phytophthora root rot (Rps<sub>1</sub><sup>c</sup>) / excellent choice for minimum- and no-till planting

**NEW CX 414CRR** **Early Group IV**  
Cyst nematode resistance / excellent resistance to brown stem rot / good tolerance to Phytophthora root rot / good seedling vigor

**Real. Proven. Results.™**

Roundup Ready<sup>®</sup> and the DEKALB symbol are registered trademarks of Monsanto Company. Real Proven Results™ is a trademark of Monsanto Company. Regulatory approval of grain harvested from seed of Roundup Ready corn is pending in certain export markets and may not be received before the end of 2000. As a result growers may be restricted from introducing the grain into channels of trade where the potential for export to such markets exists. In such cases growers must channel such grain for feeding on-farm use in domestic feedlots or other uses in domestic markets only.
