Farming Forecast

A generally dry and seasonably cold air mass will continue over the region through the week. A cold front approaching from the northern Plains on Monday could bring a bit of rain or snow late in the day or at night. By Tuesday, a few flurries or light rain showers will be all that is leftover from the departing front. Much colder air will follow this front for the end of the week and Christmas.

Brillion

Sure Stand Grass Seeders

THE ERGONOMICS OF USING A BRILLION "SURE STAND" SEEDER

Grass seed is a very expensive commodity. By properly placing the grass seed in the top 1/2" of a properly prepared seedbed you will realize maximum seed germination.

Because of Brillion's precision placement of the seeds, seeding

rates can often be cut to nearly half of the rates previously used. In many cases the savings in seed alone will pay for a "Sure Stand" Seeder in just a short time.

Don't risk your crop to another system. Don't settle for less. Use the one seeding method that you can depend on to produce a top stand time after time...a Brillion Sure Stand Seeder.

Compaction Commander

- A full 39" of under-frame clearance assures trouble-free operation even in heavy residue
- Auto-reset shanks with 20" of trip height allows for non-stop tillage
- 20" maximum working depth to easily rip out hardpan and compaction
- Unlimited shank spacing to allow a variety of tillage functions
- Optional points and accessories allow controlled soil disturbance and distribution of surface residue

Pulvi-Mulchers

THE IDEAL ONE PASS SECONDARY TILLAGE TOOL TO PROVIDE THE PERFECT CLOD-FREE SEEDBED FOR HIGHER YIELDS

- Available in widths from 7'4" to 30' to accommodate any size operation
- High-clearance frame allows free flow of trash through the machine
- Choice of 20" notched or crowfoot ductile iron roller wheels with five year limited warranty against breakage
- Heavier duty, longer drawbar to accommodate dual wheeled tractors
