**SE8**  
 In Stock

The Rhino® SE8 is an economical rotary mower designed to help maintain larger acreages of grass, weeds, stalks, or material up to 1" in diameter.

The streamlined, close-coupled design allows economical operation on tractors as small as 30 horsepower on the SE8 and 45 horsepower on the SE10. The 85 HP center gearbox and 60 HP outboard gearboxes are protected from sudden shockloads by a slip clutch on the main driveline and torque dampeners on the side driveshafts. Pan blade carriers help the unit glide over field obstacles and updraft blades with a 4" blade overlap provide a clean cut.
