## Open House 2000

We are holding our annual open house on February 10th and 11th. Everyone is invited to attend this event. Featured this year will be **10% cash discount specials** on all farm supply products and parts. We will also have a huge **truckload sale** on farm supplies as well as a **clearance item sale** at unbelievable prices. We will also be holding mini seminars each day by veterinary and state extension professionals. Topics will include mastitis causes and controls as well as milking system performance. Our recent parlor installations will be open these two days for self touring. You can see basement, herringbone, and parallel parlors from DeLaval, Uniyersal and Germania. Our feature this year will be the **introduction of the Universal robotic milker** to the US market. You will not want to miss this chance to be the first to view this machine and see the future of dairy farming. Our open house will be held at the Pleasant Hall Fire complex in Pleasant Hall, Pa. For directions and more complete information, please call us at 717-532-6139. Whether you are a local dairyman or an out of state one, this event is for you.
