

# Add up the Super Boom™ advantages

No skid steer compares to a New Holland LS 160 SuperBoom™  
Add up the advantages:

- **Superior visibility:** no rear frame towers in your way.
- **Unbeatable stability:** longer wheelbase and lower center of gravity. The only skid steer that can go uphill, going forward.
- **Faster speeds:** every model beats its competitive counterpart
- **Superior dump height & reach:** vertical boom lift path makes it the best.
- **Greater bucket & lift capacity:** longer wheelbase and lower center of gravity lets you lift more, handle larger buckets
- **The most attachments:** More than 60 attachments available with more coming all the time. Super Boom™ also works with most competitive attachments
