

Consumption of Dairy Products

HARRISBURG, Pa. (Dauphin Co.)—Dairy farmers are entering the new millennium with great news. The dairy promotion checkoff program was started in 1984 with one purpose in mind—to increase the demand for dairy products—and it's doing just that!

According to the Pennsylvania Dairy Promotion Program, total milk sales have increased by 29 percent since 1984. Per capita consumption of all dairy products has risen by 11.5 percent—that's an increase of 72 pounds more dairy products per person. And total milk sold has exceeded USDA projections by more than 225 billion pounds of milk!

Dairy farmers invest 15 cents for every 100 pounds of milk they sell to fund generic advertising, marketing, promotion, and nutrition education programs for milk and milk products.

The award-winning "got milk?" advertising campaign continues to urge consumers to drink milk, as well as remind consumers about milk's nutri-

tional benefits. The partnership between dairy farmers and dairy processors has proven to work well as fluid milk advertising will reach all ages through print, outdoor and TV outlets in 2000.

Dairy promotion dollars are funding a strong school food service marketing program. Locally, PDPP contracts with the American Dairy Association & Dairy Council Mid East to conduct programs such as "Operation COLD Milk." This program will provide 1,800 milk coolers to schools throughout the ADADC Mid East Region to improve milk's temperature, taste and image in schools. A strong chocolate milk promotion rounds out school food service efforts.

Help Spread the News

Communicating these messages to farmers is vital to the dairy industry. Representatives of PDPP are available to speak about the dairy checkoff program and how dairy farmer investments are being used.

ARDEN HILLS, Mn.—Land O'Lakes 2000 Annual Meeting is scheduled for February 23 and 24 at the Minneapolis Convention Center. Approximately 3,000 delegates and visitors, representing farmers, ranchers, and local cooperatives from 30 states are expected to attend the meeting, which focuses on the theme "Partners Creating the Future."

The program will include

board, management and operations reports, as well as presentations by U.S. Trade Representative Charlene Barshefsky and nationally recognized business consultant and author Dr. Robert Kriegel (national best-sellers *If It Ain't Broke, Break It* and *Sacred Cows Make the Best Burgers*). Attendees also will have the opportunity to attend special sessions featuring National

Council of Farmer Cooperatives Vice President and Chief Economist Terry Barr, Sparks Companies agricultural analyst Don Ault, and John Loken of the Land O'Lakes Dairy Foods Industrial Group.
