New Products Now Available
*** Benefits of Fiberglass Wheels ***

Fiberglass
Wheels
 • **Very Low Maintenance Costs**
 Under normal use the only maintenance costs will be tightening or replacing the tire or rubber. No expensive parts to replace.
 • **High Performance Regardless of the Elements**
 Wheels stay tight even in hot, dry conditions - No more loose rattling spokes - ever!
 • **Rugged Heavy Duty Design**
 It takes a major accident or impact to break or twist these wheels.
 • **Hard Durable Surface**
 Resists scuffs and scratches, paint job stays shinier
 • **Easier Cleaning**
 Spokes have all rounded corners, no tight spots for dirt to get into
*** Benefits of Fiberglass Springs ***

Fiberglass
Springs
 • **Lightweight**
 A fiberglass spring weighs 22 lbs. less than a steel spring. 44 lbs. less weight on the carriage.
 • **Durable One Piece Design**
 No bolts to give out or wear.
 • **Better Performance on Heavy Loads**
 The more weight, the better the ride, will not go flat and bottom out.
 • **Better Paint Adhesion**
 Easier cleaning - no rust stains running out between the plys. Paint will not blister or peel off
 • **Stabilizer Kits - Now Available**
 For a smoother ride and less bounce
Install these wheels and springs on your next new carriage or replace your old ones.
