**GOLDEN PRO 46 XP**  
 This natural, mechanically extruded and expelled soybean product is experiencing great acceptance with local dairymen. A course golden colored meal with a 6% fat content, Golden Pro 46 XP is extremely palatable. Golden Pro 46 XP is a natural way to bring the value of high by-pass protein into diets that require a lower fat level.

**GOLDEN MEAL 40**  
 An 18 percent fat content along with a 40 percent crude protein makes this mechanically extruded meal product a valuable component in a variety of rations. Full fat content gives you a high level of digestible energy, while high temperature extruding ruptures the oil cells for better nutritional absorptions.
