Defining Solutions
Yetter Rotary Hoe
• Aggressively uproots weeds
• Incorporates herbicide
• Aerates soil before planting
• Follows soil contour
• Staggered arms allow residue
flow
• When you pour the herbicide from the can-it's
gone, with no real guarantee of effectiveness
against weeds today or in
the future Yetter Rotary
Hoes allow you to keep rip-
ping out weeds year after year
• Along with killing those yield-robbing weeds, you
benefit by busting yield-limiting crusted soils Isn't
it time you kicked the can and got the Hoe? Yetter
Rotary Hoes, a guaranteed approach to environ-
mentally-friendly weed control with the added ben-
efits of time-saving speed and accuracy - year
after year
WEED KILLER
