Gehl: Your Best Choice! This Is A Good Time To Order A Kernel Crushing Forage Harvester From Binkley & Hurst Bros. Inc.

We are introducing and now taking orders for the new medium size Gehl 1075 Forage Harvester with high speed crop processing roller mill that can be opened up for haylage without removal of unit

The new medium sized Gehl Model CB 1075 is here with a easy-in, easy-out kernel processor. Lots of good features to make chopping enjoyable with the end result you are looking for - higher quality, more digestible feed.

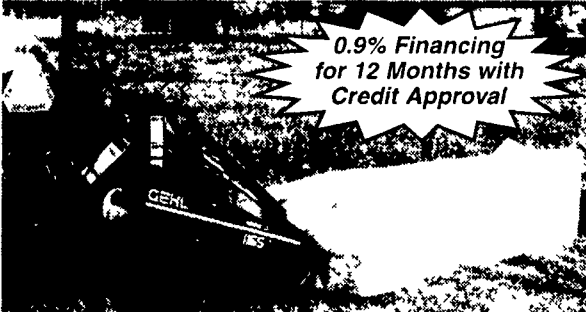

Benefits of processing

The benefits of processed corn silage can easily outweigh the investment. Reports from dairy farmers who have already used a prototype model report increased milk production of two to four pounds per cow per day. These results are confirmed by a recent Washington State University study that shows average responses of two to three pounds.

Come on in and make your decision for higher quality feed now!
