**SERVING FARMERS SINCE "1985"**

**BALE A TON EVERY THREE MINUTES**

More and more farmers are making hay the big way. More farmers are buying square balers from Hooper, Inc. With three models in stock to choose from, the reasons to buy a CASE IH big square baler are clear:

**PRODUCTIVITY**

CASE IH big square balers are quick to handle, and that means you can be more productive. In fact, with a CASE IH big square baler you can make up to 20 tons of hay per hour. That's 1 ton every 3 minutes! And there's no stopping to tie and eject bales.

**SHIPPING**

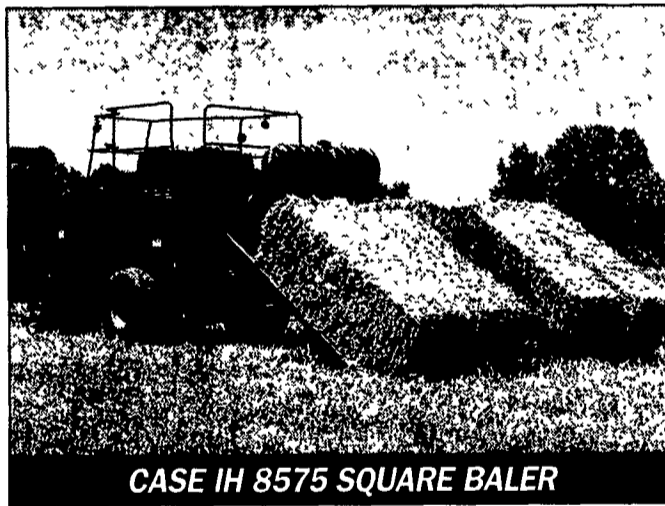

CASE IH big square bales give you large transport payload. Since bales are stackable, you can fit more hay into a limited area. The bottom line is more bales per truckload.

**LESS LEAF LOSS**

CASE IH big square balers are center-line balers and have an extra wide pick-up for increased capacity with less leaf loss. And a charge chamber preforms bale flakes for better leaf retention to ensure higher hay quality.

**HOOBER'S ADVANCED MACHINERY SERVICE**

Hooper has five hay and forage specialists, dedicated to keeping your big baler running strong all year, because when your baler is down, it's money out of your pocket. That's why Hooper, Inc. has the largest inventory of in-stock parts backed by the knowledgeable Hooper service team. And we'll come to you, delivering superior in-field service that will get you back to baling hay faster. Hooper also holds an out of season baler clinic every year for customers to share service tips and the latest technology. Nobody knows big square balers like Hooper, Inc.

**CASE IH 8575 SQUARE BALER**
