# Maximize Your Yield Potential

**Minimal**

When it comes to improving Relative Feed Value and maximizing the Crude Protein in hay, nothing outperforms the New Idea® 5209 Disc Mower Conditioner. Its high-speed disc cutterbar glides through fields with ease, even in extreme conditions. And the unique Ti-Cor® Conditioning Rolls gently condition the stems, speeding dry down.

The 5209's reliable design keeps you mowing and conditioning year after year. With the segmented cutterbar driveshaft, a New Idea innovation, the cutterbar is truly modular, which makes for easy maintenance.

To see the disc mower conditioner that'll exceed your expectations – not your budget, visit your AGCO® New Idea dealer today.
