**The Secret is in the Steeping**

*Here's what satisfied dairy producers and nutritionists are saying about Weaver's Toasted Beans:*

"Beans are crisp and more flavorful all the way through, not just processed on the outside."  
 "Moisture levels are consistently low, and the oil stays in the bean so rumen dynamics aren't compromised."  
 "PDI's come back stable. We can depend on them to give us more by-pass protein and the by-pass is better."  
 "Palatability is key. They smell good. They taste good. And the cows really like them."

**Be Consistent.**  
**Variable Forages?**

You can count on consistent protein, energy, digestibility and taste from Weaver's Toasted Grains.

**Attention Dairy, Swine & Poultry Producers!**  
**New Products Now Available...**

With the addition of our new soybean processing facility, we now offer these products to meet your nutritional needs. Manufacturing these products ourselves allows us to utilize locally grown soybeans and support our local agricultural community!

**GOLDEN PRO 46 XP**  
 This natural, mechanically extruded and expelled soybean product is experiencing great acceptance with local dairymen. A course golden colored meal with a 6% fat content. Golden Pro 46 XP is extremely palatable. Golden Pro 46 XP is a natural way to bring the value of high by-pass protein into diets that require a lower fat level.

**GOLDEN MEAL 40**  
 An 18 percent fat content along with a 40 percent crude protein makes this mechanically extruded meal product a valuable component in a variety of rations. Full fat content gives you a high level of digestible energy, while high temperature extruding ruptures the oil cells for better nutritional absorptions.

**CRUDE SOYBEAN OIL**  
 A product of Keystone's expelling process, this oil can be used in a wide variety of on farm applications. A natural alternative to animal fats, this oil provides needed energy in various rations.

To make these products available, and to help you utilize your home raised soybeans Keystone Mills announces its

**Soybean Exchange Program**  
 As manufacturers and distributors of Golden Pro 46 XP and Golden Meal 40, we are anxious for you to try our products. We are offering a soybean exchange program featuring these quality nutritional products.

**KEYSTONE MILLS**  
*Serving Agriculture - Since 1894 -*

**MASTERS CHOICE HYBRIDS**

**Exceptional Yields In Last Year's Drought**  
 Has been breeding corn for 20 yrs., focusing on stress tolerance, standability, test weights, high sugars and protein all without sacrificing yield.  
 Has been used in this area this year with one farmer saying, "This is all I will plant next year"

Untreated Seed Available, Order Early

**AARON KING SEEDS**  
 Fairview Fruit Farm, 96 Paradise Lane, Ronks, PA  
**717-687-6224**  
 Also available from dealers listed in ad below

**BAROLEX TALL FESCUE**  
*Late enough to seed with alfalfa*

Very fast establishment, finer softer leaves, dense sod, higher energy than orchard grass, makes Barolex look very promising. Tolerant to wet or dry soils and poor fertility Barolex is a brand new variety and may be the most palatable tall fescue on the market.

**BARENBRUG Forages For Profit**  
 GREAT IN GRASS
