For the past two years, the Bishops have opened up their farm to several "non-farm families." They lease their dairy animals to the Doylestown 4-H Club and the Warminster 4-H Club. The Doylestown Club members come to the farm at least once a week from May to August.

All of the Bishops are involved in teaching the members and their families about caring for dairy animals. These families also learn about life on a farm and gain a better appreciation for the agricultural industry. Josh and Nicole are especially helpful when preparing animals for the Grange Fair.

Dairy Of Distinction Seeks Nice Looking Farms

STATE COLLEGE (Centre Co.) — Do you take pride in maintaining your dairy farm? Does your farm project an attractive, wholesome image to consumers? If so, the Dairy of Distinction Program of Pennsylvania, New York, New Jersey, and Vermont is looking for you.

The Northeast Dairy Farm Beautification Program that oversees the Distinction program was first started in 1983 in Pennsylvania. The Dairy of Distinction recognize the hard work and dedication of the farmers who maintain attractive farms.

The purpose of the program is to instill a greater sense of confidence in the wholesomeness of dairy products, thus increasing sales.

Farms that apply are judged on the roadside appearance of building, grounds, and surroundings, since this is what our dairy product consumers observe as they drive by the farm.

The cleanliness of the barnyard, feed areas, and manure management are all areas taken into consideration when a team of judges takes a look at your farm from the road. Your milk cooperative or handler will be contacted to approve your milk quality.

Judging is conducted during the month of May. Award winners are announced during local June Dairy Month activities.

Del-Jame Farm near Hamburg in Berks County is a 1999 Dairy of Distinction winner. Since the program began in 1987 in Pennsylvania, more than 700 farms have been given this farm beautification award. Entries are now being received for the year 2000 program. Take time to enter your farm now.

HOW IS YOUR FARM SCORED?

Northeast Dairy Farm Beautification Program Inc.

Awards will be based upon neatness, good maintenance, and other factors that can be controlled by the farmer. Attractive background scenery should not be weighted heavily in judging. All judging observations should be made from a vehicle at one or more points on an adjacent public highway. If the farm is off the road, the judging will take place from the nearest lane. Judging should give equal consideration to old wood construction and new construction of metal or concrete block.

The award program may be used for subsequent advertising or promotion activities for dairy products or dairy farming. Farmers who apply for the award agree that if selected they will cooperate with these promotion activities and make all reasonable efforts to maintain both the exterior and interior of their properties in an acceptable manner.

HOW THE APPLICATION WORKS

The owner or operator of the dairy farm should sign the application and send it to the Dairy of Distinction state secretary by April 15.

HOW THE JUDGING WORKS

Judging teams will visit farms during the month of May. Farms will be judged each year as the award is presented on an annual basis. Any dairy failing to maintain appearance standards will be asked to remove their signs. The Dairy of Distinction signs remain the property of the committee, not the property of the dairy farmer. All farms must achieve a compliance score of 90 percent on their Dairy of Distinction score card. Your cooperative or milk handler will be contacted to approve your milk quality.

RULES FOR THE DAIRY OF DISTINCTION AWARD

- 1) The Dairy of Distinction sign remains property of the Northeast Dairy Farm Beautification Committee.
- 2) The post and bracket shall be supplied by and maintained by the dairy farmer. It is suggested that a wood post 4' x 4' x 12' or iron pipe 2' x 12' can be used. Sign should be secured on all sides to avoid wind damages.
