SOIL-MANAGEMENT SOLUTION

Lock into saving time and money with Doubl-Loc sweeps

High-strength, heat-treated steel extends wear life

Heavy-duty, hardened-steel adapter provides rugged, square-to-ground sweep mounting

Narrow-stem design provides excellent soil and residue flow

Unique crown and straight-wing design wears evenly for longer life and consistent cutting action, plus provides excellent scouring and penetration.

Beveled bottom edge sharpens itself as the sweep travels through the soil

Reinforced point increases wear life.

Why buy? Because they...

- are easier to install than typical bolt-on sweeps, and that saves you more time.
- have superior sweep retention which reduces routine maintenance and sweep and hardware replacement costs.
- feature the proven Tru-Width sweep advantages.

They're unique! Because the...

- heavy-duty, hardened-steel adapter and narrow stem ensure a superior fit.
- precision-made adapter and sweep ensure rugged, square-to-ground sweep mounting for excellent sweep retention, and that reduces replacement costs. And draft load is minimized to reduce fuel consumption.

SWEEPS:

Size: 7-in. 1/4-in. thickness # N182070
