Gehl Cuts a Swath
Over 63 Feet Wide!*

**YOU CHOOSE
THE WIDTH THAT'S
RIGHT FOR YOU!**

MODEL NO.	CUTTING WIDTH
DC2415	15'1" In Stock
DC2418	18'3" In Stock
DC2417	17'7" In Stock
DC2416	15'1" In Stock
DC2418	17'9"
TOTAL	63'10"

Gehl's family of five disc mower conditioners will give you the cutting edge when it comes to simplicity and performance. Choose from two conventional machines or three big swing frame models offering cutting widths that range from just over 9 feet, all the way to the new 18 foot giant - the biggest in the industry!

All Gehl disc mower conditioners deliver fast, smooth cutting performance. Hay is thoroughly conditioned for fast drying, thanks to wide, machined conditioning rolls. And Gehl's simple drive system uses fewer components - that means greater reliability.

Visit your Gehl dealer soon for details on how to make your best hay the Gehl way.

Gehl: Your Best Choice! This Is A Good Time To Order A Kernel Crushing Forage Harvester From Binkley & Hurst Bros. Inc.

We are introducing and now taking orders for the new medium size Gehl 1075 Forage Harvester with high speed crop processing roller mill that can be opened up for haylage without removal of unit

The new medium sized Gehl Model CB 1075 is here with a easy-in, easy-out kernel processor. Lots of good features to make chopping enjoyable with the end result you are looking for - higher quality, more digestible feed

Benefits of processing

The benefits of processed corn silage can easily outweigh the investment. Reports from dairy farmers who have already used a prototype model report increased milk production of two to four pounds per cow per day. These results are confirmed by a recent Washington State University study that shows average responses of two to three pounds.

Come on in and make your decision for higher quality feed now!
