The Shortest Turning Large Tractor You Can Own Today! Simple, User-Friendly Operation.

Industry Leading Turning Radius

The revolutionary chassis of the MX Series Magnum improves your overall performance and productivity. In fact, the innovative Surround frame allows for the tightest turning radius in the industry, even with front duals!

Thanks to axle improvements, engine placement and a sleek hood design, the MX Series Magnum can easily turn into 12 30-inch rows with all row crop tire configurations on true 60-inch tread settings.

The new, single-piece, sculpted, cast iron surround frame is the key to the enhanced capabilities and performance of these tractors. It enables the MX Series Magnum to offer the first factory front duals, dramatically improving both traction and flotation. By balancing the chassis, we've significantly reduced the amount of front ballast required. And the frame easily accommodates mounted chemical tanks or loaders, allowing you to perform multiple applications.

Make Sure Your Next Case IH Magnum Comes From Binkley & Hurst Bros. See Us Soon!

CASE IH MX Series Magnum

Case IH is delighted to present the most technologically advanced agricultural tractor on the market today. Combining customer input with cutting-edge technology, Case engineers designed and built a tractor with unsurpassed productivity and versatility. The all new MX Series Magnum tractors set new standards in performance, reliability, durability, operator comfort, ease of operation and productivity with fourteen industry leading features.
