

ELIMINATE WASTE IN YOUR FEED BUNKS!

When utilizing less-than-perfect feeds stuffs, conventional feed wagons allow your cattle to pick and choose what they like, leaving undesirable feed in your bunks. A Vertical TMR Cutter/Mixer/Feeder from New Direction Equipment will cut your bales of hay or silage into a True Total Mixed Ration FRESH each day, providing a fluffy, easily digestible ration. It eliminates the waste and also eliminates the need for a tub grinder!

"Bob" at Interstate Dairy Equipment 800-332-6559

KramerAllrad

The Kramer 418 Telescopic has been specifically designed for use in agriculture. Reach anywhere you like, with a lift height of 15', and safe and strong parallel linkage. We've designed the 418 Telescopic with extremely compact dimensions. Now nothing will hold you any longer, not even in the most confined areas.

Kramer design is the key to the 418 Telescopic superior stability. You can count on the undivided frame to keep the centre of gravity of the machine right there where it belongs - at the centre of the machine. So moving loads straight ahead or around corners doesn't make any difference at all. For maximum output and maximum safety. You'll enjoy driving this machine, with hydrostatic drive and precise joystick controls.

**Extremely compact
100% wheel loader
Maximum pushing power**
