**ATTENTION HARVESTORE OWNERS**

Are you tired of spending your money on a bottom  
 unloader that is slow and doesn't work?  
**LET SILO CONVERSION CO.**  
 convert your Harvestore® to a usable and profitable  
 top unloading silo by installing doors and chute.  
 Call Jim Beckham at **812/944-7102**

**"I'm pleased with how quickly it mixes."**

**-Herbert Benner, Gap, PA**

"Our Roto-Mix mixer from Lapp's  
 Barn Equipment processes dry  
 baled hay real well. I can feed the  
 TMR through my Weaverline Feed  
 Cart without the hay wrapping  
 around the augers.

"We have fewer off-feed problems,  
 and the mixer helps us get constant  
 milk production. It's also a good  
 management tool because it allows  
 me to keep more accurate feed cost  
 records."

**Herbert Benner is presently milking  
 50 cows in a tie stall barn.**

- Owned Roto-Mix 184 stationary mixer  
 from Lapp's since 1998
- Increased milk production averages  
 5 to 6 lbs. per cow
- 22,000 lb. herd average
- Ration: corn silage, haylage,  
 cotton seed, 1 to 2 bales of hay.
