**TANCO AUTOWRAP**

THE WRAPPER  
THAT WRAPS  
BALES  
OTHERS WON'T

A complete range of Round,  
Square & Rectangular Wrappers.

Patented advantages like the unique "Deep  
Cradle" continuous full width belt, and fully  
supported turntable where four poly-  
urethane wheels provide Tanco's renowned  
even and balanced operation, even with  
overweight and misshapen bales. Quality  
wrapping and quality machines that has  
made Tanco among the World's leading  
manufacturers.

It takes a quality product to do quality work.

**TUBE-LINE  
BALEWRAPPER**

For optimum speed and efficiency patented Tube-Line Wrappers are the  
answer! Tube-Line Wrappers wrap a continuous row of bales. The airtight  
application of stretch wrap film retains moisture balance as haylage matures  
and prevents air infiltration. The shrink wrap also prevents wind damage and  
accommodates variation in bale size and shape without air gaps.

Long stem silage is better used in the animals digestive system. Feeding  
high quality haylage from wrapped bales can reduce or eliminate feeding  
grain while retaining or increasing weight gains or milk production.

Tube-Line wrappers for all round bales or large square  
bales are available in either manual or fully automatic  
models.

**AG WRAP BALE WRAPPER**

The EC04-5 Pull Behind Wrapper  
For Use On Small Tractors

Wraps Bales up to 5 ft. x 5 1/2 ft.

- 3-Point Hitch
- Hydraulic requirement 4 GPM - 2 remotes
