BEEF TIPS

How to choose a bull for herd sire (Part One)

1. What do you want from a bull? That is, what improvements do you need to make to your herd? Frame size up or down? Better milk for calves? More muscle? Disposition improvement? Faster growth? Calving ease improvement?
2. What can you tell us about your cows/heifers that will need bred? (The breeder will need to know your herd's breed, age differential, frame size, recent experience in calf size and calving ease, horn/polled status; and your color preferences.
3. Be sure to ask: "Has the bull been vaccinated and will the breeder guarantee that the bull is fertile (replacement or money back guarantee)?"
