Call Binkley & Hurst Bros. Your Source For Quality Grain Handling Equipment
 A premium quality galvanized auger designed for low maintenance operation.

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts, greatly reducing costly downtime and maintenance in the future.

The unique "InLine Drive" design features an internally mounted gearbox inside of an expanded, bell shaped tube housing. Auger flighting is positioned to allow a high volume of unrestricted grain flow around the internal gearbox. A new intake design utilizes double flighting and a cupped intake guard to offer a high capacity, complete cleanout operation. A specially engineered hopper bolts directly to top of the intake guard, further enhancing the augers capacity.

Mayrath InLine Drive

The InLine Drive Unique in design, high in efficiency
