If your cows could talk, they'd tell you...

Four Ways We Deliver More...
#1 More By-pass, More Milk - Toasted Beans offer consistently higher by pass protein cows need to make more milk.
#2 More Production per Protein Unit - Toasting provides consistently superior protein release from every bean, without variations that can tie up amino acids.
#3 More Rumen-Friendly Source - Toasting is gentle. Digestibility is improved. Energy (oil) is retained inside the bean to minimize impact on rumen environment.
#4 More of the Taste Cows Love - Toasted is Tastier! Cows eat every bean.
