JUNE 02, 2000

EASTERN REGION FROZEN EGGS, JUNE 02, 2000. FEDERAL-STATE

Majority prices were unchanged to lower on whole, and usually unchanged on balance of other items when compared to last week's values. Offerings were reported as in close balance to occasionally available. Buying interest improved but sellers were cautious at prevailing price levels. The undertone was mixed. Liquid and frozen eggs (ingredients included) processed under federal inspection in the Eastern region for the week ending May 27, 2000 were 4% less last week, and 2% less than a year ago. Shell egg suppliers were usually sufficient for needs but not as available as last week.
