**The Building you want.  
The Lease you need.**

Telmark has been leasing equipment for over 35 years. Did you know that we've been leasing new buildings for that long too? Consider:

- **Tax deductibility and accelerated deductions:** Lease payments are income tax deductible over the term of the lease compared to 20-year depreciation of farm buildings and 39-year depreciation of commercial buildings. **Could reduce tax liability this year.**
- **Low upfront costs:** Beginning costs as little as one monthly lease payment.
- **Flexible lease term:** Building lease terms start aggressively at five years but may be as long as ten, twelve, or fifteen years.
- **Customized payment schedules:** Lease payment schedules are specially designed to match your cash flow.

**First:** Talk with a qualified builder to determine your needs and building cost.  
**Then:** Call your Telmark representative for your financing.
