BEEF TIPS

How to choose a bull for herd sire (Part Three)

Rule 1: Do NOT buy a bull without careful research.
Rule 2: Use a purebred bull to guarantee predictable results — a crossbred bull may contribute different characteristics (genes to each cow with no predictability).

Rule 3: DO buy a bull only from a breeder who can give you statistical and historical information on what you can expect from individual bulls. Warning: any one bull does not fit all programs.
