

**THIS WEEK'S SPECIAL**

**Fast food for mega-herds!**

The all-new Mega-Trac ring drive silo unloader was specifically designed to meet the feed-delivery needs of today's bigger and expanding herds.

Hanson Silo Company has combined the best of both worlds in the Mega-Trac unloader. Whatever the season, the Mega-Trac design includes the best features of the single auger and the double auger unloaders of the past. The Mega-Trac unique dual auger machine with its two-motor system rips smoothly through frozen silage, and does not clog in summer haylage. Up to three times more capacity than conventional silo unloaders. During recent winter testing the Mega-Trac delivered 2 tons of frozen haylage per revolution.
