

SLURRYSTORE® SYSTEM

In addition to being expandable, resellable, NRCS-approved positive containment, the Slurrystore System features contribute to its practicality.

The Heart of the System Our Side-mount Pump

(20-in. 5-vane impeller),
capable of agitation at
4,300 gallons/minute

360° Floor Center Agitation with Tapered Nozzle

recirculates for an homogenous
mixture.

Deluxe Overtop Agitation Nozzle

can aim the discharge
to virtually any point
within the structure.

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather or other conditions present at the individual location. Harvestore is a registered trademark of A.O. Smith Engineered Storage Products Co.
