Clean Start, MD
We are pleased to announce our joining forces with three other prominent growers and suppliers to form now what is called, *Plant Technologies*. This joint venture was established to provide growers with true-to-type, registered strawberry plugs, Clean Start, MD, which are grown under the strictest standards. The plants being propagated in a controlled environment allows them to be protected from transmitted virus diseases. To ensure the virus-free status and quality of the plants, the growing conditions are monitored and inspected by trained personnel from both the MD and NJ Department of Agriculture
