We Put A Spin On Farming

Kuhn's FC series Mower Conditioners—faster cutting, faster drying, better hay. But what else would you expect from the recognized worldwide leader in mower conditioner technology? Kuhn applied over 160 years of research to build a mower conditioner that cuts quicker and requires less dry down than many other systems on the market. And Kuhn's FC series is easy on your crop. With a choice of finger comb or roller conditioning, you can match your crop type for even and gentle conditioning with less nutrient loss.
