## Fast, smooth Haybine® performance

The New Holland Model 1465 Haybine® mower-conditioner has a five-bar reel for more uniform crop flow into the nine-foot cutter bar. The "1465" provides fast reaction time to field obstructions and has an enclosed wobble gearbox for smooth, dependable operation.

Other proven advantages include:

- Conditioner roll drives with straight spline telescoping shafts for extra durability
- A spring-loaded reel drive idler for improved performance, added header durability and less maintenance
- A cutterbar assembly with square back-bar guards, adjustable hold-downs, and a back-hardened knife assembly for long wear and less maintenance

The Model 1465 really is outstanding in the field. See for yourself.

*Used One Year*

## Two jobs, one tool: It's a tedder and a rake

The Model 255 rake tedder is a flexible machine - it's the tedder that also rakes

- Rake a swath into a windrow
- Rake two windrows into one
- Turn windrows for faster drying
- Move crop away from fence or borders
- Ted a 10 1/2-foot area to fluff up wet, matted-down crop for quick drying

And you can change the "255" from one function to another without tools! Stop by for a demonstration
