

What makes Mule Deer Bucks grow trophy racks in Western South Dakota? South Dakota alfalfa of course.

Would you like to plant some for your own livestock to thrive on?

Would you like to purchase South Dakota State University tested & grower direct proven varieties at \$1.30/lb to \$1.50/lb.?

Place orders now for early deliveries for fall planting

These varieties will compete against the blended varieties of proprietary companies.

We are pleased to announce our joining forces with three other prominent growers and suppliers to form now what is called, **Plant Technologies**. This joint venture was established to provide growers with true-to-type, registered strawberry plugs, **Clean Start, MD**, which are grown under the strictest standards. The plants being propagated in a controlled environment allows them to be protected from transmitted virus diseases. To ensure the virus-free status and quality of the plants, the growing conditions are monitored and inspected by trained personnel from both the MD and NJ Department of Agriculture.
