

Congratulations To The 2000 Dairy Of Distinction Winners

Luzerne County

Verbyla Brothers Farm

One of three farms farmed by the Verbyla brothers, this 120-acre farm is owned by Mark and Gail Verbyla of Sweet Valley. They milk 65 head of Holsteins and own 45 replacements. Mark also raises corn, hay, and oats on his home farm. Maintenance work for all three Verbyla farms, which include Mark's farm, his brother's dairy operation in Columbia County, and another crop farm in Luzerne County, is conducted on this farm. Recognized two years in a row for his Chesapeake Bay efforts, Mark was named Luzerne County Conservation District's Cooperator of the Year in 1998 and the Chesapeake Bay Clean Water Farm in 1999.

POWDER COATED STEEL DAIRY BARN EQUIPMENT

LOOP STALLS

All Loop Stalls Are Coated With Baked-On Top Grade Polyester TGIC Powder Coating After Fabrication

- Super Tough Finish • Protection From Rust & Corrosion • Resists Acid & Chemicals
- Chip Resistant • Superior Electrical Insulation • Smoother Finish Stays Cleaner

LOOP STALLS WIDE FRONT FEATURING

- The most versatile of all loop stall designs
- Greater cow comfort when entering and exiting stalls
- Sufficient lunge space for head and neck between top and bottom of loop

SUSPENDED COMFORT STALLS

Finished With Baked on Top Grade Polyester TGIC Powder Coating, After Fabrication

- Increased comfort for cows
- Easy cleaning
- Easy access for bedding & milking
- Adjustable tie rail
- Fewer trampled teat problems
- Durable powder coating resists manure acids & chemicals
- Powder coating helps insulate against stray voltage problems

Fabricated for Durability & Dependability

- All welded construction for many years of trouble free service.
- Stalls are constructed with 1.9" O.D. (.133) wall, high strength tube and 2" square post with 1/4" wall.

GATES & FENCING

Finished with Top Grade TGIC polyester Coating

All Gates & Fencing Made Of 1.9" Outside Diameter High Yield Steel Tubing With 13 Ga. Wall
