The Shortest Turning Large Tractor You Can Own Today! Simple, User-Friendly Operation.

Industry Leading Turning Radius

The revolutionary chassis of the MX Series Magnum improves your overall performance and productivity. In fact, the innovative Surround frame allows for the tightest turning radius in the industry, even with front duals!

Thanks to axle improvements, engine placement and a sleek hood design, the MX Series Magnum can easily turn into 12 30-inch rows with all row crop tire configurations on true 60-inch tread settings

The new, single-piece, sculpted, cast iron Surround frame is the key to the enhanced capabilities and performance of these tractors. It enables the MX Series Magnum to offer the first factory front duals, dramatically improving both traction and flotation. By balancing the chassis, we've significantly reduced the amount of front ballast required. And the frame easily accommodates mounted chemical tanks or loaders, allowing you to perform multiple applications.

CASE IH Model 8590. Get More From Your Baler. A Lot More.

The New 2000 Lb. Square Baler

**Your Dealer is
Binkley & Hurst
Bros. Inc.**

Nothing delivers big-volume yields like the Case IH 8590. Like its predecessor, the 8580, this new large square baler is designed just for large hay producers.

But the 8590 also features over a dozen improvements for greater reliability. And that translates into even higher productivity in the field. So stop by today. And see how the 8590 can help you get a lot more from your baling operation. **Buy Quality - Buy Case IH! IN STOCK!**
