"Used Harvestores" is our Business Since 1975"

"We Like The Consistency of the Mix" - Nelson & Dennis Weaver, Weaver Homestead Dairy

"Our Roto-Mix mixer from Lapps Barn Equipment processes baled hay just the way it needs to be done. It gives a nice coarse mix, with average stem length 2" to 4"—ration passes the particle size test with flying colors. Processed hay almost never wraps around the augers in our Weaverline feed cart.

"We purchased the Roto-Mix 414 in 1998. It has been reliable and trouble free."

Weaver Homestead Dairy milks 133 Holsteins with a herd average of 22,300 lbs.

- Ration: haylage, corn silage, dry baled alfalfa hay, brewers grain, minerals, grain, etc.
- Feed cost per 100 lbs. milk 1999 average \$4.24
- Alfalfa hay is purchased from Kansas, 4x4 bales. The hay is processed through Hay Processor System of the Roto Mix Mixer
- 4% dry hay is fed (300lbs per mix)
- Farm 100 acres (corn for corn silage and alfalfa for haylage)
