## The Case-IH Sidehill Combine From Hooper

**CHARLIE HOOPER SAYS,  
 "GET REFRESHED AT THE  
 HOOPER DISPLAY."**

**Makes A Great Combine Better By...**

- Increased Capacity
- Improved Sample Quality
- Greater Reliability
- Operator Comforts
- Excellent Leveling Performance

## Patriot SPX Sprayers

- High Clearance
- More Acreage
- Convenience

**"In this business timing is everything! You spray when you're ready... when you own your own sprayer."  
 Charlie Hooper**

**Models Include**

- Patriot SPX 4260** with 260 HP, 1000 or 1200 Gallon Tank, and 60', 80', or 90' Booms
- Patriot SPX 3200** with 200 HP, 750 Gallon Tank, and 60', 80', or 90' Booms
- Patriot SPX 3150** with 152 HP, 500 or 750 Gallon Tank, and 60', 75', or 90' Booms

## Case-IH Concorde Seeding System with Mounted Gandy Hopper

- Compact
- Economical
- Maneuverable

The Case-IH Concorde Seeding System has proven to be very successful in the north-central states and Canada. Hooper technicians are currently adapting the Concorde system to eastern field and crop conditions.

## 7300 & 7400 Series Disc Harrows

**Y**ears ago Hooper, Inc. introduced **Krause** Rockflex disc harrows to the East. Since then **Krause** discs have been the undisputed leader when it comes to finishing seedbeds on Eastern farms. And **Krause** Rockflex discs continue to get even better. The new 7300 & 7400 Series **Krause** Rockflex disc harrows are in a class by themselves when it comes to getting the job done in tough conditions. Plus, **Krause** Rockflex technology backed by Hooper's outstanding service and parts support is as good as it gets. **Krause** Rockflex disc harrows from Hooper... a great idea for 25 years.

## The Hooper/DMI Strip Tillage Concept

**H**ooper service technicians have modified the **DMI** eco-til 2500 into a strip tillage machine. With strip tillage, the coulters tills a strip that is much more uniform. Hooper adds additional coulters to the **DMI** eco-til 2500, which slice and condition the soil, allowing the soil to heat up quicker. The result? Farmers can seed earlier in the spring than with conventional no-till equipment.

## New for 2000: Great Plains Precision Seeding System

**T**he revolutionary Precision Seeding System from **Great Plains** gives you the ability to singulate seed in the furrow while dramatically increasing seedbox capacity over traditional hopper-style planters.
