## Balanced Nutrition for your Soil and Livestock

"We look at the whole picture..."

### NUTRITION, from the GROUND UP

#### The Foundation:

Optimal production and maximum efficiency are rooted in the effective movement of nutrients through soil, plant and animal systems. Providing the right balance of nutrients is the foundation for health. And health is the cornerstone of production, reproduction and longevity. Your bottom line.

#### The Tools:

Independent lab tests, high quality analysis, consulting industry experts, and a line of value-added products are the tools that help us...help you.

#### The Guidelines:

Your production methods and objective set the compass.

#### The Results:

Healthy soil, healthy crops and healthy livestock contribute to the financial health of your farm

#### A full range of nutrition services.

- Forage Testing
- Personalized Ration Balancing
- Custom Formulations and Mixing
- Bi-weekly On-Farm Visits
- Toll Free Phone Consultations
- A Complete Staff of Experienced Personnel
- Knowledgeable People with Dairy Experience
- A Consulting Ph.D. Nutritionist
- Proven Quality Commercial and Specialty Products

#### Technical support, that...

- helps improve management skills.
- makes sense of the choices in the marketplace.
- measures company success by customer success.
- fosters teamwork through respect and open communication.
- commits resources to on-going education of staff and customers.
- builds a supporting network of professional industry resources.

#### Quality Products, that...

- use the highest quality ingredients available.
- are sold at a fair price.
- are designed by specialists, and backed by results.

The **VITAL**™ line of nutritional products contains high quality chelated trace minerals and direct-fed microbials which contribute to animal health and productivity.
