## Call Binkley & Hurst Bros. Your Source For Quality Grain Handling Equipment

A premium quality galvanized auger designed for low maintenance operation.

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts greatly reducing costly downtime and maintenance in the future.

**Mayrath InLine Drive**

The unique "InLine Drive" design features an internally mounted gearbox inside of an expanded, bell shaped tube housing. Auger flighting is positioned to allow a high volume of unrestricted grain flow around the internal gearbox. A new intake design utilizes double flighting and a cupped intake guard to offer a high capacity, complete cleanout operation. A specially engineered hopper bolts directly to top of the intake guard, further enhancing the augers capacity.

**The InLine Drive**  
Unique in design, high in efficiency.  
The gearbox is located InLine with the actual auger flighting. The outer tube is expanded to allow unobstructed and efficient flow of grain past the gear drive section. This design proves to be both economical and low maintenance in operation.

## GEHL America's #1 Forage Box

The Gehl tradition of building the premier forage box is well known. Gehl forage boxes feature a simple design with few moving parts for increased reliability. They do an outstanding job in a wide variety of conditions. They last long and maintain high resale value.

Gehl's newest forage box continues the tradition with added features including true infinitely variable-speed drive, improved box roof, improved beater design, an optional 18-inch folding conveyor extension, and improved durability throughout.

This box is loaded with the convenience and performance features you demand for smooth, fast unloading and worry-free reliability.

Compare the performance, compare the convenience, compare the quality and compare the reliability. You'll see that Gehl delivers the best value for your forage box dollar.

**NOTE: Gehl Unloading Conveyor Webs Are Stronger Than Some Competitive Brands Which Means Less Down Time In The Field!**
